GREAT POPULARITY! The Sacred Melodeon,

BY A. S. HAYDEN, HAS uniformly given, so far as the Publishers know, entire satisfaction to all churches and Musical Associations that have used it. Scores of practical teachers have praised the hook and have it now in their schools. But the fact that it has reached so many editions, has attained a sale of between

One Hundred Thousand and Two OHIO REPORTS, 28 vols.; and is now in larger demand than ever, has, if anything can, take the work out of the domain of criti-

Two reasons will chiefly account for the great suc-

Two reasons will chiefly account for the great success of this volume:

First—The character of the Work. It represents a new and greatly improved system of notation. In it much that is abstruse and difficult in this delightful section, is so simplified that months are made equal to years in the common way of learning the practice of musical art.

Second—The Quality and Style of Music. Many new pieces, destined to please as long as music lusts, may be found on its pages, and also many of the old and tried melodies, hallowed from associated recollections of sauctuary delights, and far more welcome to the heart of the worshipper than others frequently substituted for them.

The mechanical execution of the work is superior altegether to the majority of Eastern Music Books, and the price much lower.

The work may be had of Booksellers in all the principal cities and towns, or may be ordered direct from the Publishers.

Copies for examination, sent post-paid to Teachers, Leaders of Choirs, etc., for seventy-five cents remitted in postage stamps.

Executive Department. Another abumlant harvest has been gatheved; another year of multiplied blessings is fast drawing to a close. The labors of the farmer, the mechanic, the manufacturer, and the n crehant, the professional man and the man of science, have been abundantly rewarded; commerce has revived, trade las improved, and thrift is apparent everywhere throughout the land. Neither war nor pestilence nor famine has afflicted us. Peace, plenty, and health have blessed a free, prosperous, and happy people. Providence has showered His sings upon us as individuals, as a State, as a uation. We should return to Him the homage of grateful hearts. In the easer pursuit of pleasure, of fortune, or of fame—in the excitement of our daily occupations—in the multiform pursuits of life, we are too apt to forget Him from whom these bounties come. Acknowledging no sovereign but Him, let us recognize the venerable custom of the "Jewish Feast of Weaks appointed by Jehovah for his chosen people." For the establishment of, and preservation then, of our free institutions -for the preservation of our lives and health

-lor our tranquility, presperity, and happiness-for our general thrift and the untold blessings we enjoy as a State and a people—
